After London, Istanbul, Vienna and other metropolises, the largest European real estate conference of the European Real Estate Society (ERES) is coming to Regensburg (Bavaria), Germany in 2016. We look forward to welcoming you to the ERES 2016, from the June 8-11, at the IRE|BS International Real Estate Business School.

For four days, with over 300 presentations and research papers, we will be discussing and analyzing, with top researchers from throughout the world, current topics and future issues & scenarios affecting our industry. The focus will be on productive exchange between academic theory & research and practice. Thematically, the emphasis will be on the following areas:

- Real Estate Economics
- Real Estate Investment
- Digitalization/Disruption
- Real Estate Finance
- Real Estate Valuation & Appraisal
- Urban Planning & Transformation
- Real Estate Development
- Regional Policy
- African Real Estate
- Sustainable Real Estate
- Housing Economics & Housing Policy
- Education & Ethics in Real Estate

Industry-Oriented Sessions

In particular Friday June 10, 2016 will be industry-oriented! On this day, in addition to numerous presentations, informative panels are planned, such as with international, national and regional associations from both academia and practice, including the INREV, IRES, RICS, TeGoVa, gif, ZIA and the Bavarian Construction Industry Association, as well as outstanding academic and industry representatives. The industry-oriented day will also include a lively dinner on the boat “Crystal Princess”, so that there will be ample opportunity for in-depth discussions. In addition, the EM opening game will be shown on the boat.

High-profile international guests will participate in the podium discussion and further inspiration will be provided by outstanding keynote speakers. The latter will include Martin Brühl FRICS, World President of the RICS. A particular program highlight will be that of honoring the academic achievements and contribution of Karl-Werner Schulte HonRICS on the occasion of his seventieth birthday (probably on Saturday).

Apart from attending and participating in discussions, you are most welcome to contribute your personal perspective through a short presentation on one of the conference subject areas. In this context, please send us a short abstract as described on the following page.

A detailed program, as well as information on participation in the ERES 2016, are available at www.2016.eres.org.

We look forward to welcoming you in Regensburg!

Prof. Dr. Steffen Sebastian  Prof. Dr. Sven Bienert MRICS

CALL FOR PAPERS

EUROPEAN REAL ESTATE SOCIETY

23rd Annual Conference, June 8-11, 2016
Regensburg, Germany

The European Real Estate Society welcomes participants to the 23rd Annual Conference to be held in Regensburg, Germany.

We are now accepting submissions via www.2016.eres.org. We encourage both academic and professional researchers to submit their papers or abstracts and join us in Regensburg for the ERES 2016.

Submission of papers or abstracts in all areas of real estate is encouraged. For the General Section, a decision on acceptance will be made based on the abstracts.

New: Additional Full Paper Section with discussants

ERES is working hard to increase the quality of the conference. Therefore, this year, for the first time, ERES is offering a Full Paper Section with discussants. Only truly excellent papers will be accepted by the conference committee. This section provides an ideal venue for researchers wishing to receive feedback from a diverse group of their peers. Applicants should be willing to discuss a paper. Rejected papers will automatically be considered for the General Section.

Deadline for submissions: January 31, 2016
Full Paper Section: full papers only
General Section: abstracts sufficient

We will notify delegates both for Full Paper and General Section by March 15, 2016.
The ERES annual conference is the leading real estate research meeting in Europe and one of the largest property-related conferences worldwide. In June 2016 we hope to welcome you to the 23rd annual conference in Regensburg, Germany!

The conference promises participants from both academia and practice, a pleasant and intellectually stimulating environment, namely the UNESCO World Heritage city of Regensburg. Because of the city’s unique status as “the only authentically preserved large medieval city in Germany”, the Historic City of Regensburg was designated as a UNESCO World Heritage Site in 2006. Many other tourist attractions can be visited from Regensburg, including Neuschwanstein Castle, the Castle St. Emmeram, Weltenburg Monastery and countless other sights.

**Travel Information**
Munich Airport is the closest international airport to Regensburg (110 km). The most convenient way to reach Regensburg from Munich Airport is by bus, which takes about 60 minutes (www.airportliner.com/en/). Bus tickets start from 29 Euros and must be booked in advance.
